~Facials & Peels

MicroPeel facial with hydrating mask~

This facial is for those who need a deeper exfoliation. It includes a double cleanse followed by microdermabrasion, a peel, and finished with a soothing, hydrating mask

Calming Facial~

This facial is designed to help calm and soothe acneic & rosacea prone skin

Deep Pore Cleansing Facial~

This facial is designed to treat inflamed acneic skin types. This treatment includes a detoxifying mask and soothing ingredients that are ideal for the oily, acneic skin type

Deluxe Microdermabrasion Treatment (Neck & Chest Only)~

This is a targeted treatment that lifts away dead skin cells from the neck and chest, leaving behind a smoother skin surface. It also helps to diminish fine lines and wrinkles

Microdermabrasion with Gel Peel~

This treatment combines microdermabrasion followed by a light peel. After microdermabrasion the skin is exfoliated and much smoother in texture which allows the peel to penetrate deeper. This treatment will leave you glowing

Vitamin C Facial~

This is an anti-aging facial packed with vitamins and antioxidants to fight free radical damage and erase the signs of aging for a more youthful complexion. It helps rejuvenate the skin for a more even, radiant glow

Back Facial~

This treatment is excellent for the hard to reach back area. This service includes a cleansing of the skin, exfoliation, extractions (if necessary), and is followed by a massage of the back and a specialty mask

Glytone Mandelic Peel Facial~

This treatment includes a stronger peel which helps heal acne and prevent future breakouts while reducing redness and inflammation. (Also available in a series)

Glytone Pyruvic Peel Facial~

This treatment includes a stronger peel which addresses acne-prone and premature aging skin. (Also available in a series)

~Add Ons

Microdermabrasion~

This treatment helps to remove all of the dead skin cells from the treated area while improving the texture of the skin. Helps to minimize discoloration, scarring, and sun damage

Gel Peel/Acid Peel~

Add additional exfoliation to any treatment customized to your skin needs. A light gel peel or a more targeted acid peel

Hydrating mask~

A great addition to any treatment. Helps boost hydration in the skin with hyaluronic acid and stem cells to keep your skin looking plump and glowing

Extra Strength Vitamin C~

An extra boost of antioxidants that adds more anti-aging benefits and brightens your complexion

LED Red Light~

Helps stimulate collagen and elastin production. Reduces blemishes, inflammation and softens fine lines. Helps lighten age spots and hyperpigmentation. (Add to any service)

Additional 10 Minute Massage~

Pamper yourself with added massage to an area of your choice. (Hands, arms, shoulders, face)
