## PRP FACE MICONEEDLING AND INJECTIONS

### 3 Face Treatments for only \$2100

**\*regular price \$2400 (pkg of 3)\***

**\*\*ENDS 09/30/18\*\***

**What is PRP?** PRP Rejuvenation stands for **Platelet Rich Plasma** – to enhance facial shape and volume. It is a simple in-office nonsurgical procedure which uses a **concentrated serum processed from your own blood** for a natural collagen building process.

**How does it work?** A small vial of blood is taken from your arm – less than that normally taken for routine blood tests. The blood is then placed in a vial and spun in a centrifuge to separate the red blood cells and plasma. The process concentrates the platelet count to about 4X normal. **It is this platelet-rich plasma – often called “liquid gold”** – that is then activated and microneedled or injected into the skin.

#### **End Results:**

- healthier appearance
- thicker dermis (reducing wrinkles and scars)
- improved tone
- prolonged duration of fillers (Used with underlying fillers such as Juvderm, Volluma, Sculptra, Volbella, or Vollure the PRP serum prolongs and amplifies the filler correction with the need for less filler per treatment and a longer duration.)
- New hair growth

## Neocutis Gift with Purchase

Buy ANY Neocutis product and receive a complimentary 15ml Bio Cream Moisturizer (\$80 Value)

### **BIO•CREAM Bio-restorative Skin Cream powered by PSP®**

The first and original skincare cream formulated with patented PSP®, a nourishing protein blend including Human Growth Factors, Interleukins and other Cytokines for state-of-the-art skin revitalization.
